- Air Conditioner Security Cages, Locks & Alarms
- Other Low Voltage Needs

**THE VALUE OF HAVING A JADE ALARM'S TRUE DIGITAL RADIO FOR YOUR ALARM COMMUNICATION LINK**

Per internet Headlines...Large number of T-Mobile, Sprint, AT&T and Verizon customers across the country said they were experiencing outages with their cell service Monday.

**IN 1983 JADE ALARM INSTALLED ITS FIRST COMMUNICATION TOWER IN THIS AREA AND IN 2008 WE WERE ABLE TO PROVE TO AREA FIREMARSHALS THE RELIABILITY OF OUR MULTI-POINT NETWORK AND RECEIVED AUTHORIZATION FOR USE ON HIGH RISK COMMERCIAL FIRE ALARM MONITORING SERVICE!**

Unlike cell, internet, dialup alarm monitoring service, Jade Alarm's true digital radio will transmit the alarm at the speed of light and immediately be received at our UL Certified Central Station Monitoring Station! If the phone lines are cut or the internet service is down, the Jade Alarm True Digital Radio Service will **STILL** get through!

**CALL AND ASK ABOUT THIS SERVICE!! WE CARE ABOUT YOUR SAFETY AND SECURITY!**

**SECURENET AND FIRENET SERVICE ARE NOT DEPENDENT UPON ANY 3RD PARTY CARRIER, FOR TRANSMISSION OF YOUR ALARM SIGNAL! PLEASE CONSIDER THIS VALUABLE SERVICE IF YOU DON'T HAVE IT!**

**JADE ALARM'S RESPONSE DURING COVID-19 PERIOD**  
The Central Station Command Center is fully staffed, per UL requirements. Additional anti-viral methods are employed: UV Lamps & IWave-R units. As normal procedure, work areas are sanitized by our Dispatchers. Our Technicians are equipped with face masks and gloves. Our Technicians will sanitize their work areas such as keypads or use gloves. Anyone wanting to enter the facility is having their temperature checked. Personnel are to follow the 6' distance rule per CDC recommendations.

**Note:** We will be requesting your email address so we can better serve you!  
A letter with current Responsible Parties will be forthcoming in the mail—please check it for accuracy and return it with everyone's email address.

**EXCITING NEWS AT JADE ALARM CO.**  
Jade Alarm Co. PROUDLY ANNOUNCES the official release of its new web site!  
Go to [www.jadealarm.com](http://www.jadealarm.com) Our site will have these new additional features:  
Previous Jade Wire news letters are posted.  
A new 'coupon page' is incorporated of Jade Alarm's customers— SHOP LOCAL!  
IF YOU HAVE A BUSINESS AND WANT TO BE ADDED—CALL JOE!

**AIR CONDITIONER & HVAC RECOMMENDATIONS**  
Due to a high level of cottonwood tree blossoms you may want to have the outside condenser unit cleaned twice this year for proper operation.  
**THIEVES ARE AGAIN STEALING OUTSIDE A/C UNITS, WE CAN PROVIDE ALARM SECURITY ON YOUR SYSTEMS, CALL US!**

**THANK YOU FOR SENDING IN THE 5-STAR REVIEWS!!!  
ALL OF OUR TECHNICIANS AND CENTRAL STATION PERSONNEL REALLY APPRECIATE  
THE VOTE OF CONFIDENCE YOU SHOW IN THEM!**

**SHORTLY WE WILL BE ABLE TO HAVE REVIEWS DIRECTLY DONE ON THE WEB SITE, IF  
YOU DON'T UTILIZE SOCIAL MEDIA!**

Throughout the latter part of May, idling business owners across the country waited anxiously to get the “go ahead” to open their doors to the public once again. As this approval came through in many states, business owners excitedly reopened their doors, thrilled to have a way to earn a living again.

However, with these businesses reopening, inventory and cash are moving again. While this is great news for business owners and the economy, it can also be enticing to potential burglars.

With all the other challenges presented by COVID-19 for business owners, now is the time to take notice and take steps to protect your future revenue. Therefore, it is a great time to check out your existing security and determine if an upgrade is needed.

### **Jade Alarm Co. - CENTRAL STATION BLOTTER - Real Life Stories Of What We Do For YOU!**

At 02:16 AM a fire alarm sensor alarm was received by our dispatchers from a local large commercial establishment via our True Digital Radio Network. Fire Department responders were immediately dispatched.

Upon arrival by they determined the alarm was due to spontaneous combustion. Damage was minimal due to the immediate response by KCMO Fire Crews. Congratulations on a job well done!

On 06/04 at 05:01 AM a motion detection sensor alarm was received by our dispatchers from a Mid Town restaurant. The perpetrators attempted to quickly flee upon noting the Police Department were arriving. However, lady luck was NOT on their side and they were apprehended.

On 6/14, at 07:14PM a motion alarm was received by our dispatchers. Rapid response by the Raytown Police caused the intruders to flee without taking any tools or part from this automotive shop. Congratulations to all involved!

SAD NEWS: During the recent massive communication outage, a long time customer who did not have our True Digital Radio system in place experienced an unfortunate burglary. Our SecureNet system is now in place to ensure there will be a response when again there is a disruption in service or in the event the phone lines are cut.

WHILE NOTHING IS EVER PERFECT, OUR TRUE DIGITAL RADIO NETWORK HAS PROVEN ITSELF IN 'BATTLE' TIME AND TIME AGAIN! CALL TO BE SURE YOU ARE COVERED & SECURE! WE CARE ABOUT YOUR SAFETY!
